<b>Experience</b>	<b>AWS</b>	<b>07/2019 - 04/2023</b>	<b>Software Development Engineer</b>
	<ul style="list-style-type: none"><li>Responsible for collecting, enriching, and publishing network usage for all EC2 instances, processing about 3 PB/day of network packets and associated metadata.</li><li>Developed a feature to process data per-packet, rather than per-batch. This reduced the risk of data loss, decreased processing time, and eased the operational burden for the team, as it prevented individual failed packets from causing the entire batch to fail.</li><li>Built, owned, and maintained the service security and law enforcement used to retrieve historical network usage.</li></ul>		
	<b>Facebook</b>	<b>09/2018 - 11/2018</b>	<b>Software Development Engineer</b>
	<ul style="list-style-type: none"><li>Refined the UI and implemented reactions, navigation arrows, and the settings menu for Facebook Lite's Stories feature.</li></ul>		
	<b>Amazon</b>	<b>05/2018 - 08/2018</b>	<b>Software Development Engineer</b>
	<ul style="list-style-type: none"><li>Implemented a feature to filter out inappropriate language from Alexa responses for Alexa Shopping.</li></ul>		
	<b>Universal Consulting Services</b>	<b>05/2017 - 12/2017</b> <b>05/2016 - 08/2016</b>	<b>Jr. Software Developer</b>
<b>Education</b>	<ul style="list-style-type: none"><li>Developed an ASP.NET MVC 4 web application for the Department of Defense to assist with the tracking of off-duty navy and marine personnel.</li></ul>		
	<b>Virginia Tech</b>	<b>08/2016 - 05/2017</b>	<b>UTA</b>
	<ul style="list-style-type: none"><li>Taught two lab classes for the beginner Java course for non-computer science majors in the fall.</li><li>Instructed two lab classes for the software design course teaching computer science majors during the spring.</li><li>Held weekly office hours to answer questions and teach students how to debug their programs.</li></ul>		
	<b>Self-Employed Tutor</b>	<b>06/2015 - 01/2016</b>	<b>Java Programming Instructor</b>
